

Region Report – Quarter 2 - 2015

Q2 With pleasure we can see VATSEA Division having a full staff roster and re-engaging activities up into a new level regarding Training and overall performance.

Another Quarter full of events across the Region with ATC coverage and crowded skies. For the first time Cross the Eurasia 2015, is an event where Divisions from Asia and Europe participate and traffic is expected to depart from Asia inbound to 3 European airports on August 8th.

An increase of new members can be seen in comparison with 2014.
