

Region Report – Quarter 3 - 2015

Q3 A smooth quarter regarding operations across the Region. Divisions actively participate in training of new members and organizing events with its peak on 8th August “Cross the Eurasia”, by VATPRC, VATKOR, VATJPN, VATRUS and VATEUD with great success. Most of Regions FIRs were lighted up to provide services to departing and overflying traffic.

Membership and member retention receive attention in all Divisions. In addition members joining/transferring, receive welcome emails with all necessary information on Regional level.

ATC Training		QTD	YTD 12	YTD 11	Var (%)	We are having difficulty in training because of shortages of active instructor. Some of them are busy with their real world occupation and some are students. We are trying to make more time on training STUs. VATKOR is doing its best to make more opportunities to trainees.

Indonesia VACC

Indonesia is currently rebuilding and training new controllers with the leadership of Rahman Lie with the assistance of the VATSEA team.

Hong Kong VACC

Events

Hong Kong's policy is to hold events on alternative weeks with training sessions in between.

Training

Hong Kong's training team is now using SWEATBOX for granting solo rating for tower and below.

Malaysia VACC

Training

Malaysia's training team is now using SWEATBOX for granting solo rating for tower and below.

Events

We had 3 events organized during the third quarter of 2015. One of them included partnership with Cambodia VACC.

Weekly Group Flight

Our weekly group flight event managed by Wan Zamir Zakwan together with Malaysia VA are getting good feedback from pilots. We will continue to support this group flight by providing ATC services.

Website

The chart download page have been updated to provide full airport charts within Malaysian airspace. Payware and freeware scenery links also have been added to the scenery page.

Philippines VACC

Philippines is now managed by team comprising of Ian Campomanes, Darl Reyes and CJ Romanes. We are assisting to bring them back online. Training has been going well with new controllers.

Singapore VACC

Training

Justin Tan joins as Instructor.

Singapore VACC applies SWEATBOX validation for APP training and below subject with minimum 18 aircraft for APP top down control and TWR with 35 aircraft.

Events

Singapore VACC runs real operations on Sep 21st with 72 movements. This is still short of our target of 200 movements but we will continue to improve.
