

VATSIM ASIA REGION REPORT Q2/2018

Executive Summary

VATSIM Asia is reporting a Q2,2018 with increased activity since last year' s same quarter. The increased online ATC and pilot participation is clearly seen and this is the result of dedicated hard work by all Divisions of Asia, organizing ATC and Pilot Training. Events have a key role across Asia and they do take place at regular basis, especially new members events, “Beginner events” , organized by VATJPN , VATAKOR and VATPRC. VATROC and HKvACC continue the traditional “Hong Kong – Taipei Link” event. There is also a new vACC under development within VATWA, Nepal vACC, which is recruiting staff and takes the challenge of becoming an active vACC. Finally, a restructure concerning staff roles took place at VATAKOR Division. All members across Asia receive member services and retention in a timely manner.
