## VATSIM ASIA REGION REPORT Q1/2020

### Executive Summary

The first quarter of 2020 was full of action with online ATC presence across the Region, as well as pilot activity. Q1/2020 online activity has increased than previous quarter as well as adjacent quarter of Q1/2019. All Divisions, except VATWA, which is still searching for suitable members for key staff positions, have a full staff board. All Divisions operate normally. This quarter has been the most active we have seen up to date. There is an increase on new members sign up in relation with Q1/2019 and Q4/2019. Huge increase of intercontinental flights, especially the last weeks of Q1/2020 across the Region. New controllers graduate and make their appearance, staffing airports at various positions according their rating. VATKOR and VATPRC is recruiting additional Instructors due high levels of candidates. ATC training programs and sessions run smoothly and at a steady pace. VATWA is working on updating atc sector files and looking for additional assistance from members. This is estimated to take a while. At this stage, it is worth mentioning that local communities of Indonesia, Malaysia, Philippines, Singapore, VCL, Hong Kong have expanded at a great extent. This is to congratulate all members and staff for their continuous effort, time and support. VATJPN, VATSEA, VATPRC, VATKOR have increased ATC training sessions as well as beginners events due high number of students joining. VATJPN has introduced 3 beginners' events this quarter, along with another 6 events in collaboration with VATKOR and VATSEA. Events take place regularly, in collaboration with neighboring Divisions in Asia. VATKOR, VATSEA, VATROC, VATJPN and VATPRC starring with massive traffic almost every week, with a variety of city link, regular domestic and international events/routes. Next Light up VATSEA mega event, as well as more events are planned for Q2/2020. The Specialists of ATC project is established and is currently active with success at VATWA and Mongolia FIR of VATPRC, providing ATC services and giving life to FIRs with low activity. Currently there are over 30 controllers participating in the project. We are looking forward to establish the teams ATC presence and enhance operations with other Divisions/FIRs in Asia. Primarily we focus on Iron Mic awards and boosting ATC activity to isolated FIRs or places with low traffic. Discussions are held on the first events organized by the team. A new Flight Service Station (PRC\_FSS) is established in VATPRC providing coverage for all FIRs of the Division. The new ATC academy of VATPRC is under development and expected to be launched within the next quarters. There has been a malfunction of the HQ hosted by VATME for VATSEA & VATWA, resulting into loss of some data, while other data were recovered. Local teams are checking the issue. There is a recruitment at VATSEA regarding ASEA\_FSS manager. We have posted latest FSS stations updates in the Servinfo/Vatspy VATSIM forum thread for the clients to display correctly the FSS stations of Asia.

## Administrative Report

Summary of administrative report.

### 1.0 Staffing

Ken Kwok appointed VATSEA8 ( Events-Public Relations Director), replacing Tim Wong.

ASEA\_FSS manager vacancy at VATSEA.

The Specialists of ATC project: Project Leader: Anastasios Stefopoulos, Team Lead: Bailey Brown, ATC & FIR Manager: Brodie Murdoch.

### 2.0 Technical

The Regional Helpdesk is set up and sends emails to staff and members upon creation of tickets. There is a continuous effort to provide support on HQ as well with good overall results.

The Specialists of ATC project: Registration forms establishment, Discord server establishment, contact details available, continuous support to all requests and questions.

### 3.0 Membership

#### 3.1 New Members

This Quarter VATSIM Asia had 1045 new records signed up. Increased since last Quarter (Q4/2019) and also increased with last year respective quarter (Q1/2019) .

#### 3.2 Transfers

There have been 32 transfers for this Quarter.

#### 3.3 Other

None to report at this time.

### 4.0 Conflict Resolution Trends

-NIL-

**5.0** VA/SOA Matters

NIL

**6.0** Additional Matters

No additional matters to report.

## **Operational Report**

Summary of operational report.

**1.0** Region Activity

Increased ATC and pilot activity across the Region, with promotion of regular events by all Divisions.

**2.0** Air Traffic Control Training

Increased ATC training and new graduates. Please see the attached Division Reports and corresponding data.

**3.0** Operational Projects

The Specialists of ATC Project.

**4.0** Events & Meetings

Meetings with VATWA and VATSEA Divisions took place.

**5.0** Additional Operational Matters

None to report.

**6.0**    Additional Matters

None to report.

**SIGNATURES & ENDORSEMENTS**

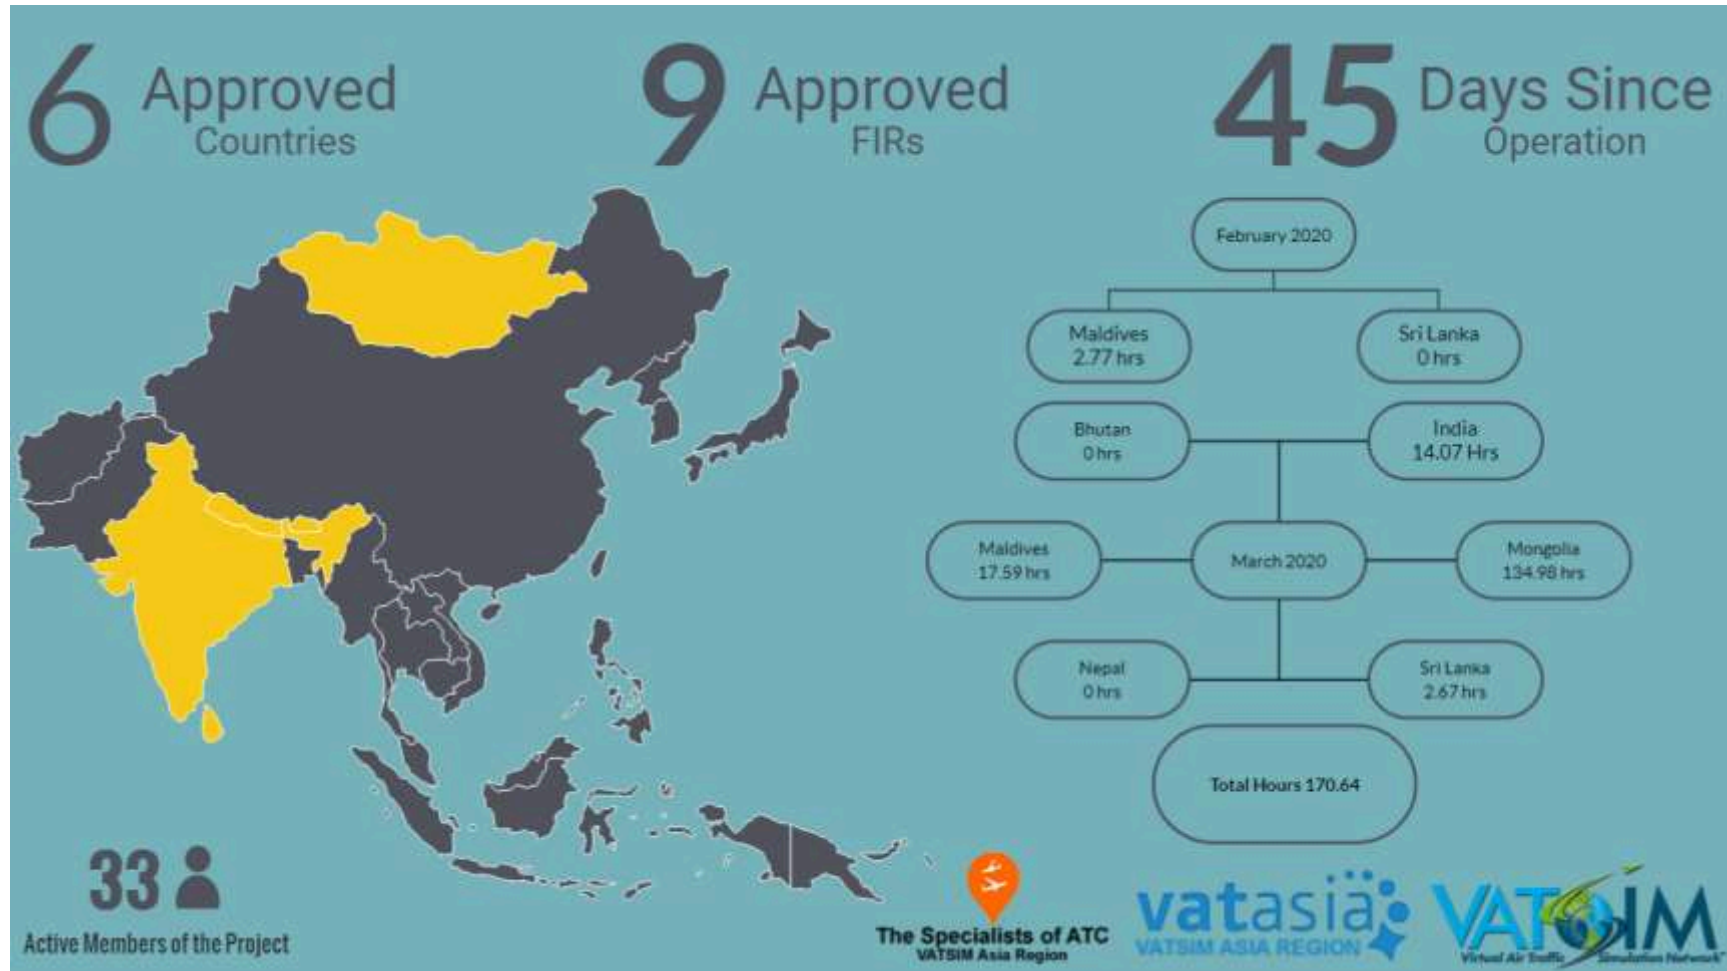

By digitally signing below, the Region Staff Member authorizing this report hereby testifies to its truthfulness to the best of their knowledge and ability.

# VATSEA Q2 2020 Division Report

## Division Overview

Q1 2020 was slow however more events have been taking place as a result of more online activity. We expect Q2 2020 to have increased traffic in VATSEA. A number of events have been planned for Q2 2020 and we're enthusiastic to see the division grow further as more members stay home giving us online activity during this period.

The HQ system hosted by VATME had a failure leading to loss of data on 4 March 2020. A backup was uploaded to the system however it dated 19 September 2019 leading to complications with some vACCs relying on the system for all their essential needs to run.

## Division Staff Organization

| <i>Position</i> | <i>Position Title</i>                | <i>Staff Name</i> |
|-----------------|--------------------------------------|-------------------|
| VATSEA1         | Division Director                    | Eugene Lee        |
| VATSEA2         | Deputy Division Director             | Isaac Tan         |
| VATSEA3         | Training Director                    | Hoo Jiong Sheng   |
| VATSEA5         | Pilot Training Director              | Justin Tan        |
| VATSEA8         | Events & Public Relations Director   | Ken Kwok          |
| VATSEA9         | Division Conflict Resolution Manager | Ian Campomanes    |

**Ken Kwok** replaced **Tim Wong** as VATSEA8, now known as Events & Public Relations Director (previously Events Director).

Recruitment for ASEA\_FSS Director (VATSEA6) has been promoted.

## Division Statistics

### Rating Upgrades

Between 1 January 2020 to 24 March 2020, we had 26 passes and rating upgrades. Breakdown as follows:

| Rating Upgrades Summary | S1 | S2 | S3 | C1 | C3 | Total |
|-------------------------|----|----|----|----|----|-------|
| Hong Kong               | 6  | 1  | 0  | 0  | 0  | 7     |
| Indonesia               | 1  | 2  | 1  | 0  | 0  | 4     |
| Malaysia                | 3  | 1  | 2  | 0  | 0  | 6     |
| Philippines             | 3  | 0  | 0  | 0  | 0  | 3     |
| Singapore               | 0  | 0  | 0  | 0  | 0  | 0     |
| Thailand                | 1  | 0  | 1  | 0  | 0  | 2     |
| Vietnam-Cambodia-Laos   | 3  | 1  | 0  | 0  | 0  | 4     |
| Total                   | 17 | 5  | 4  | 0  | 0  | 26    |

Q1 2020 has seen an overall decrease in rating upgrades.

|              | Q1 2020 | Q4 2019 | Var (%)      |
|--------------|---------|---------|--------------|
| <b>S1</b>    | 17      | 24      | <b>-29%</b>  |
| <b>S2</b>    | 5       | 11      | <b>-55%</b>  |
| <b>S3</b>    | 4       | 14      | <b>-71%</b>  |
| <b>C1</b>    | 0       | 5       | <b>-100%</b> |
| <b>C3</b>    | 0       | 0       | <b>0%</b>    |
| <b>Total</b> | 26      | 54      | <b>-52%</b>  |
|              |         |         |              |

## vACC reports

### Hong Kong vACC

#### Overall

Overall the VACC experiences a strong growth this quarter due to more members spending time at home. We have received an increased number of applications for both local ATC and visiting ATC, and thanks to our mentors who are also spending more time at home, the training team is able to handle the increased demand in a timely manner. In addition, with more time spent on the network, our controllers were able to win two Iron Mic awards during Week 8 of 2020.

In mid-March, HQ experienced a catastrophic failure which led to a loss of 6-month worth of data. The management team came up with a contingency plan trying to localize critical data storage and online service as much as possible. Bailey played an important role to speed up the development of Moodle and Helpdesk.

Kai Ko and the team managed to organize two events in March which were well received by our members. Details are in the Events section. With the current health crisis, our team has to halt all planning of physical meet-ups in the real world. There have been talks of partnership with local institutions and organizations in the background so when the health crisis is over, the VACC will be ready to resume physical meet-ups again to promote our organization and broaden our audience.

NIL

**Philippines vACC**

**Overall**

Due to the current events, there is a surge in activity in the Philippines vACC. We have received more than 20 applications and over 5 inquiries in a day. Surge is brought upon by the constant promotion of a famous streamer in the Philippines who keeps promoting VATSIM to his viewer, add that up to the current curfew and school cancellations in the Philippines. Philippines school year has ended on March. We are expecting increased activity in the vACC, and it's expected to last until April 2020.

## OFFICIAL BUSINESS | VATSIM ASIA REGION REPORT Q1 2020

S1 Training for Ground - 1  
Training for S2 - 2  
Training for S3 1  
Training for C1 1

### Events

We just had a very successful event with RCTP on March 21, over 200 flights were handled during the event. Another upcoming local event will take place this April 4, 2020

### Others

#### Singapore vACC

##### Overall

Currently, Singapore vACC is establishing a new constituency to help manage the number of student due to the influx of new trainees. We are also looking to hire new mentors to help with the backlog of controllers. Singapore vACC is establishing itself to be structured organization to ensure that standards are kept up.

# **VATSIM West Asia Division**

## **Quarterly Report Q1 2020**

## DIVISION SUMMARY Q1 2020

First off, We would like to thank everyone for their efforts and time dedication towards not only the West Asia community but the wider VATSIM Community as well during this present and unprecedented time.

The Quarter has been rather busy. The division has seen an increase in aircraft movements throughout the region with flights mainly transitioning through the airspace on mid to long-haul flights but also an increase in flights between VNKT - Kathmandu and VQPR - Paro. Members from both India vACC and Pakistan vACC have regularly organized group flights around the region. There also has been an increase of new members wanting to be a part of the West Asia community and also a lot of members wanting to participate and join on the discord server for group flights held amongst the peers. We've even seen a slight increase of members returning to the Network after a time of absence.

At the beginning of March Division Director, Raihan Shahzad took a Leave of Absence for a duration of 1 month. Deputy Division Director, Brodie Murdoch acted on behalf of Raihan and the Division throughout the leave of absence with support from the Regional Director Anastasios Stefopoulos.

On 26th February 2020. VATSIM's Asia Region announced a newly developing project, The Specialist of ATC Project. The project is designed to encourage and promote areas around the region where ATC Services are unlikely to be seen and to help the development of areas which are not yet developed or on-going. West Asia was delighted to be part of the Project and currently has Bhutan, India, Maldives, Nepal and Sri Lanka as approved areas for the project.

With the new year steaming ahead we do thank all members local and forigen of West Asia for being apart of an amazing community. We are in the stage of re-development especially of the operations side of things and we hope that this change and amendments present and future will create a greater demand of activity but also enjoyment amongst all peers within West Asia.

Brodie Murdoch

Acting, Division Director

4th April 2020

**DIVISION STAFF STRUCTURE**

No changes to Division Staff Structure for Q1.

| Position ID | Position Name                          | Staff Name             |

| VATWA6      | Divisional Conflict Resolution Manager | VACANT                 |
| VATWA7      | Events Director                        | VACANT                 |

VACANT Positions have been re-advertised on the VATSIM Forums and West Asia Division Discord Server on 8th March 2020.

Currently the Division has received 1 Application for Divisional Conflict Resolution Manager.

**VACC STAFF CHANGES**

India vACC - No Changes during Q1.

## OFFICIAL BUSINESS | VATSIM ASIA REGION REPORT Q1 2020

Nepal vACC - Obi Onyemaobi 1314427 resigned his position as Nepal vACC Deputy Director due to personal reasons. Due to no active staff in Nepal. Nepal vACC has been decommissioned from an active vACC Status and now is part of the Open Skies.

Pakistan vACC - No Changes during Q1. Mateen Ali Anjum 1145162 remains as Acting vACC Director for Pakistan and the Division thanks him for his efforts to take on additional duties within Pakistan vACC.

Sri Lanka & Maldives vACC - No Changes during Q1.

### VACC VACANCIES

India vACC - India vACC has re-advertised the India vACC Deputy Director Position and India vACC PR & Events Director vacancies on the VATSIM Forums and West Asia Division Discord Server on 8th March 2020.

Nepal vACC - Nepal vACC Director has been advertised on the VATSIM Forums and West Asia Division Discord Server on 8th March 2020. So far 1 application has been received.

Pakistan vACC - Pakistan vACC Director has been re-advertised on the VATSIM Forums and West Asia Division Discord Server on 8th March 2020. So far no applications have been received.

Sri Lanka & Maldives vACC - No Vacant Positions.

### OPERATIONS

### **Virtual Area Control Centre's vACC's**

West Asia Division comprises 7 vACC's expanding over 8 countries and 11 FIR's + 1 Sub FIR. See below the status of each vACC.

Afghanistan vACC (AFG) - Not Established

Bangladesh vACC (BGD) - Not Established

Bhutan vACC (BTN) - Not Established

India vACC (IND) - Established, In-Development

Nepal vACC (NPL) - Established, Not Active

Pakistan vACC (PAK) - Established, Active

Sri Lanka & Maldives vACC (SRM) - Established, Active

### **Audio for VATSIM**

Audio for VATSIM was established in Mid October 2019. Over the recent months we have had some issues with the transceivers in remote oceanic areas such as the Indian Ocean, Bay of Bengal and Arabian Sea. The operations team are exploring options to reduce radio interference and possibly introducing HF to these remote areas. The operations team are also preparing to start work on new transceivers to reflect terrain interference for future usage of Audio for VATSIM.

### **Long-Term Operations Redevelopment**

The Operations Team have established a Long-Term Operations Redevelopment for West Asia. This is a lengthy process where we update and develop sector files and Airspace Operational Material for all vACC's including the Not Established vACCs. Due to the lengthy process of this project completion date is unknown at this time.

### **HQ System**

During the recent VATSIM Infrastructure Migration at the start of March the HQ System and some vital data was lost including staff changes, vACC transfers and roster approvals. HQ was restored to its previous backup which was September 2019. Over the month of March the Division and vACCs have been working to restore the data from the last 6 months and its currently still an on-going process.

### VATASIA The Specialist of ATC Project

On 26th February Sri Lanka and Maldives were the first to be a part of VATASIA’s new development project which has an aim to encourage users to engage and provide services to under-developed regions within the Asia Region. 28th March saw an increase of coverage and in addition India, Nepal and Bhutan were also added to the Project. More information on the project can be found at the given link listed here <https://specialists.vatsim-asia.net>

#### IT OPERATIONS

West Asia Division Website has had some additions added to the Website. <https://vatwa.net/> Additions are listed below

- Online Activity for ATC and In-Bound and Out-Bound flights within West Asia.
- Awards Section for Iron Mic Awards
- Link for The Specialist of ATC Project recently established

#### AWARDS

No Awards issued for Q1. 2020

#### DIVISION ATC RATING UPGRADES

Below shows list of rating upgrades during Q1. 2020 for each vACC
