

Region Report – Quarter 3 - 2014

Q3 The third quarter of 2014 was introduced with a temporary new logo for VATASIA and during the third week of October a new site is to be constructed for VATASIA Region. A new Division Director is appointed via open application process for VATJPN, following Mr Akihiro Fujii resignation due real life commitments, whom we thank sincerely for his kind work put in for Japan Division. Events take place in a regular basis across the Region, with a great number of participants, while intercontinental flights have showed a slight increase during Q3. ATC activity was increased, offering Asia's flying visitors a great experience.

Preparations are made for Cross Pacific Event, Western Horizons, which will take place on November 2014.

Membership and member retention receive attention at all Divisions. Members joining or transferring, receive welcome emails with all necessary information.
