

Quarterly Report to the Executive Committee Q1 2013

Q1 brought a great 2013 Kick-Off for South America.

The highlight of the quarter was ATO's. In February we got the P1 certification of VATSUR-ATO, the first Spanish speaking ATO WW! VATSUR has done great progress and are now certified for P2 and P3 as well. I want to thank VATSUR team and specially **Juan Cabral**, our Pilot Training Director, for this great achievement. Following VATSURs own ATO, Sur Air from Argentina has also been certified for P1.

In our green-yellow part of the region (Brasil) they also have their fully functional Portuguese ATO.

Some changes in Staff also took place this quarter. We thank **Agustin Miglino**, former VATSUR ATC TD and **Edson Felix** VATBRZ DD for their great service over the past time. We welcome **Gaston Yaffe** as VATSUR ATC TD and we are currently reviewing applications for VATBRZ DD which will be covered over the next days and announced in the forum.

Some great events are taking place on the region, I invite everyone reading this to look for the next one. You can join the buzz at Facebook, the forums, the divisional team speak servers or our division (www.vatsur.org, www.vatsim.com.br) or regional website (www.vatsim-sa.net).

In the start of this new year I would like to thank every member for their support.

Up next, our regional membership statistics and divisional reports.

Thanks for choosing VATSIM South America!

Daniel Abellá

Regional Director, VATSIM South America Region.

1ST QUARTER REPORT 2013

STAFF

With respect to the positions staff within VATSUR, Agustin Miglino has resigned for VATSUR4 position and Gastón Yaffe assume the role of ATC Training Director. We are still searching the new Operations Director (VATSUR5).

TRAINING

We are reviewing all the courses and examinations of our training center to be able to make it more efficient, educative and professional possible. In addition we are developing an operative manual to standardize all the procedures of the division to avoid significant differences in services ATS of the different countries. At the moment, the new study material is ready but we are still in the update progress.

PERCENTAGE OF MEMBERS

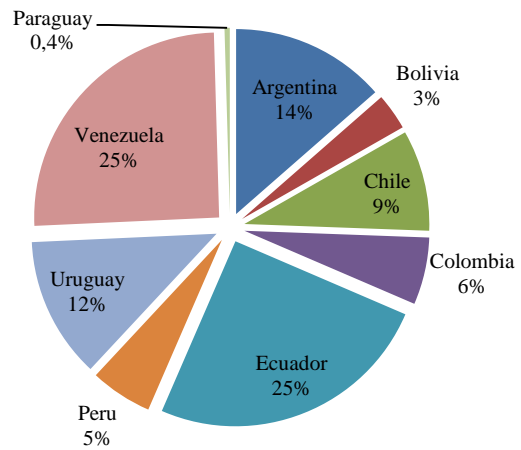

We had a normal and similar movement with the last quarter. The members without rank ATC are those that there are in greater amount. We have predicted to have a similar activity in the next quarters due to the activity of our division. We hope to improve it with the course of the time.
